Verify / Enter Incoming Mail Server Settings:

- At the top of the screen you can select if you would like IMAP or POP for your email settings. IMAP is recommended.
- Enter the **Incoming Mail Server Host Name** as <u>mail.hamiltoncom.net</u> or <u>mail.futiva.net</u> depending on your email address
- Verify the **Username** is your full email address, ex. example@hamiltoncom.net/example@futiva.net
- Enter the **Password** if not already present.
- Continue to Outgoing Mail Server Settings.
