

Co-op Connection

Hamilton County Telephone Co-op
September 2025

At the Co-op, we want you to have the best Internet and Wi-Fi experience possible. This is why we offer Managed Wi-Fi. Included in this plan, the Command IQ app is one way to make that happen. Our FREE and easy-to-use app allows you quick access to manage your home Wi-Fi network. You can view connected devices, set up a guest network, change your password, run a speed test, and set basic parental controls.

Even better, we include Experience IQ & Protect IQ features in your app at no additional cost. These features allow you to easily create online rules for users and devices in your home network. You can prioritize Wi-Fi access to certain devices, protect children from inappropriate content, and set time limits. The protection features include a network-level security application that proactively keeps malicious websites, viruses, and intrusions away from your homes 24/7. Download the app today! The app is available in the Apple store or Google Play store.

YOUR CO-OP MEMBERSHIP **IS UNIQUE BECAUSE IT:**

1. You have a stake (an investment) in your Co-op.
2. Your patronage of services is recorded as allocations, eventually paid back to you through capital credit checks.
3. As a voting member, you are eligible to: attend and participate in the annual meeting, entered in co-op appreciation deals/drawings, eligible for scholarships, installation discounts, service order fee discounts, free paper statements and other member deals.
4. Members patronage help the co-op to continue to build the fiber network, upgrade the co-op plant facilities, and provide next generation services.

If you would like to be a member, please call our office!
You will be glad you did!
